

Answered Prayer

*I struggled in pain so long,
And wondered if God had forgotten.
There were times when I questioned--
Thinking my time on earth might be done.*

*But, all along He was listening
And preparing for me
A miracle so wonderfully special
I'd know the depth of others' love for me.*

*Never again will I doubt.
Never again will I despair,
For I know that my Father
Will always do His best for me.*

*So, if you have a prayer
That seems too long in the making,
I will stand with you, Friend,
And I'll hope when you can't.*

*I know one thing for certain,
That He who created this Universe,
Cares enough for you and me
To do things with perfection!*
